Bible teacher: Dr Murray Lean

What is a Seniors Plus Conference Encore?

It is a slightly reduced version of Mt Tamborine's **Seniors Plus Conference** that was held in early May this year. It is a 2 day, non-residential Bible teaching conference, designed to meet the spiritual and emotional needs primarily of seniors over 75 years. This conference features 4 Bible teaching sessions, 2 electives, 2 great age-appropriate HymnSings – one with testimonies and the other with items. An inspiring interview from *Focus on the Family* featuring Joni Eareckson Tada, and *lots of wonderful fellowship!*

Who is Dr Murray Lean?

Murray retired from full time pastoral ministry at the end of 2020.

Prior to that he served as senior pastor of City North Baptist Church in Brisbane for 19 years, having previously worked as a rural pastor and part-time GP for 10 plus years in Central Queensland town of Biloela. Today he serves on the National Council of *The Gospel Coalition* in Australia.

Sadly, he lost his dear wife and faithful ministry partner, Debbie, to cancer in 2010. This experience has put him on a deep journey into the theology of suffering and the love of God – a God who doesn't make mistakes. Murray has 6 adult children and 12 grandchildren. He has a

deep love for the local church, with a passion to see it built up through consistent Bible teaching.

Today, he is enjoying a valued Bible conference ministry in Australia and PNG. Murray's ministry was very much appreciated here at the *MTCC 2022 Seniors' Get-Away Convention*, where he shared the platform with Simon Manchester of Sydney. Because Murray's messages were such a blessing to so many at the recent *2023 Seniors Plus Conference* at Mt. Tamborine, MTCC has decided to extend the opportunity for many more older Christians to hear what God's Word has to say about the topic of 'Holiness'. He will be giving the same four messages at this upcoming *Seniors Plus Encore Conference* on the Sunshine Coast, August 22 & 23.

The teaching sessions of this conference will be recorded and available as either MP4 or MP3 files a few weeks after the event.
