## Who is Doug Green?

Doug has been a lecturer in Old Testament for over three decades: at Westminster Seminary in Philadelphia USA and now, since 2016, at Queensland Theological College here in Brisbane. He began his working life in Sydney practising law for 4 years. He then went overseas to study at Westminster Seminary earning a Master of Divinity there, and later a PhD from Yale University.

Today, He loves teaching from the Psalms not only because they give voice to both the anguish and the joy of life in relationship with God, but just as importantly, because they provide a rich background for a deeper grasp of gospel of Jesus Christ. Doug and his wife Rosemarie have been married for 44 years and they have an adult son and daughter living overseas.

## Things you need to know .....

- \* If needed, you are welcome to bring a carer (who may be younger than 75) to this conference. It is expected that person will share your room and be with you at all times.
